Summary:	The Ad Astra Club organized an "Offline MERN Stack Bootcamp" featuring hands-on practice. The event encompassed fundamental web development topics, including HTML/CSS, an introduction to JavaScript, ReactJS with form creation, backend development using NodeJS, and the creation of routes and hosting.

Photos:	
Feedback	Throughout the five days, the bootcamp provided an exceptional learning experience that far exceeded my expectations. By the end of the program, not only did all participants successfully complete it, but we also acquired a strong foundation in MERN stack development.

Activities Outcomes	Department Program Outcomes
1. To introduce and empower participants of all levels, from complete beginners to experts, with comprehensive knowledge and skills in Web Development.	PO3, PO4, PO5, PO6, PO11 ,PO12
2. To give hands-on experience of Web Development projects.	PO5, PO11 ,PO12
3. To provide further guidance into the field of Mern-Stack.	PO12
