## **Swachh Bharat Abhiyaan**

**Date: 8 April 2024**

## **Introduction**

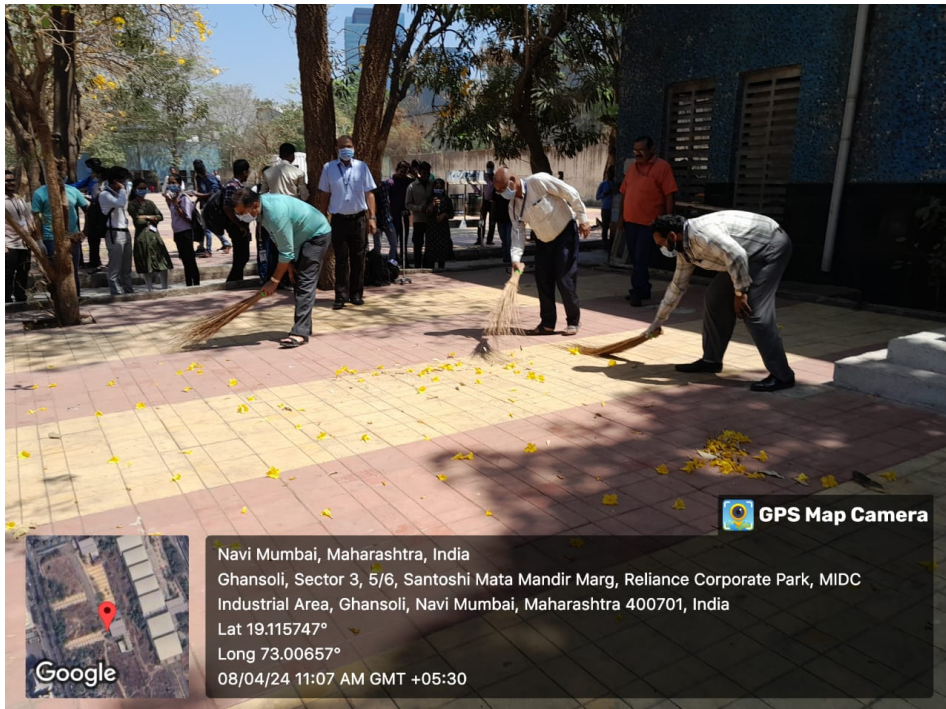

In response to the clarion call for a cleaner, healthier India, the Electrical Department of Smt. Indira Gandhi College of Engineering embarked on a transformative journey as part of the Swachh Bharat Abhiyaan. Rooted in the vision of Mahatma Gandhi, this nationwide campaign has been a catalyst for change, advocating for cleanliness, sanitation, and hygiene across the length and breadth of our nation.

Within the vibrant precincts of our institution, the call for action resonated deeply, inspiring our faculty and students to step forward as stewards of this noble cause. With an unwavering commitment to societal welfare and environmental sustainability, the Electrical Department initiated a series of impactful initiatives aimed at fostering a culture of cleanliness within our campus and beyond.

This report serves as a testament to the collective efforts, dedication, and ingenuity exhibited by the members of the Electrical Department throughout the Swachh Bharat Abhiyaan. It outlines our endeavors, achievements, and the enduring impact we have made in fostering a cleaner, greener, and healthier tomorrow for generations to come.

## **Initiatives Undertaken**

1. **Cleanliness Drives:** Regular cleanliness drives were organized at Ghansoli Railway Station, involving students, faculty, and staff members. These drives aimed to raise awareness about the importance of maintaining cleanliness in public spaces and instilling a sense of responsibility among commuters.
2. **Infrastructure Improvement:** Our department actively participated in infrastructure improvement projects at the railway station, including the installation of dustbins, provision of sanitation facilities, and painting of walls with informative and motivational messages promoting cleanliness.
3. **Educational Campaigns:** We conducted educational campaigns and awareness programs to engage with commuters and railway staff, emphasizing the significance of waste segregation, proper disposal techniques, and personal hygiene practices.
4. **Community Outreach:** Engaging with the local community, we organized workshops and interactive sessions to empower residents with knowledge and skills essential for sustaining a clean environment. These efforts aimed to foster a sense of ownership and collective responsibility among all stakeholders.

## **Achievements:**

1. **Visible Impact:** Our concerted efforts yielded tangible results, evident in the improved cleanliness and hygiene standards observed at Ghansoli Railway Station. The transformation was not only visible but also appreciated by commuters and railway authorities alike.

2. **Behavioral Change:** Through our educational campaigns and outreach initiatives, we witnessed a positive shift in the behavior and mindset of individuals towards cleanliness and sanitation practices. Commuters actively participated in keeping the premises clean and advocated for the maintenance of hygiene standards.

3. **Community Engagement:** Our collaborative approach fostered strong partnerships with local authorities, community leaders, and railway staff, facilitating sustained efforts towards maintaining cleanliness at the railway station and its surroundings.

## Conclusion:

The Swachh Bharat Abhiyaan conducted by Smt. Indira Gandhi College of Engineering's Electrical Department at Ghansoli Railway Station exemplifies our commitment to societal welfare and environmental stewardship. By actively engaging with the community and implementing holistic strategies, we have contributed to the larger goal of building a cleaner, healthier, and more sustainable India. Our journey continues as we strive to uphold the principles of Swachh Bharat and inspire others to join us in this noble endeavor.
