Topics:	Industry Insights on Knowledge and Career Strategies
Summary:	On 1st October, our institution had the privilege of hosting an insightful alumni talk featuring Ms. Aditi Khose, a graduate of the Class of 2023. The event, titled "Industry Insights on Knowledge and Career Strategies", aimed to provide current students with valuable guidance on navigating the creative industry and shaping successful career paths. Ms. Aditi Khose, currently working as a Graphic Designer at Cimpress India Pvt Ltd, shared her professional journey, reflecting on her transition from a student to an industry professional. She emphasized the importance of adaptability, continuous learning, and staying updated with industry trends. During the session, Aditi provided key insights into the functioning of industries, discussing how companies like Cimpress leverage technology and creativity to meet market demands. She also highlighted the significance of soft skills, such as communication and networking, and how they contribute to career advancement in creative roles. The session was highly interactive, with students asking questions about career growth, industry expectations, and the role of innovation in the workplace. Aditi's advice to students was to remain passionate about their craft and to always seek opportunities for improvement, whether through formal education or self-driven projects. The event concluded with a note of appreciation to Aditi for taking the time to share her experience and knowledge. The alumni talk by Ms. Aditi Khose was a resounding success, offering students a rare opportunity to hear firsthand about life after graduation and the demands of the professional world. Her story of success in the graphic design industry was both inspiring and informative, leaving attendees with practical tips for building a successful career.

Feedback	The session was highly interactive, The students were excited about their future and what it holds.
