| <b>Summary</b>                            | <p>The IoTECH Club organized a Guru Talk session on the topic 'From Campus to Corporate: Bridging Engineering and Industry' on 23rd September 2025. The Guest was welcomed with a warm speech followed by prize distribution to winners of poster competition. Further the session was conducted by Ms. Ketki Marathe, who shared valuable insights on the transition from academic learning to corporate practices. She highlighted the key skills required for engineering graduates to succeed in the industry, such as communication, adaptability, technical proficiency, and teamwork. The session was highly interactive, with students actively engaging in discussion and asking questions about career planning, industry expectations, and the importance of continuous learning. The event proved to be informative, motivating, and beneficial for the students, preparing them for future corporate challenges.</p> |

## Photos

## Feedback

The students appreciated the session and found it very helpful in understanding industry expectations and career readiness.
