Report

Fresher's

Fresher's was organized at Smt. Indira Gandhi College of Engineering, Ghansoli, on 26th September, 2025 in Seminar Hall (Ground Floor). The event was designed to welcome new students and help them integrate into the campus community.

The main objective of the Fresher's Event was to introduce new students to the campus, its facilities, and student life. It aimed to create a friendly and supportive environment where first-year students could meet their peers, interact with faculty, and learn about various clubs and activities available.

The event was attended by [over 200 new students], along with faculty members, senior students, and representatives from various student organizations. The diverse group made the event lively and engaging.

The event began with an opening speech by Principal Dr. Sunil Chavan, followed by introductions to key staff and faculty members. A series of icebreaker activities and games were organized to help students connect. This was followed by performances, including music, dance, and stand-up comedy by students, making the atmosphere vibrant and fun.

One of the most memorable moments of the event was the "Campus Tour," where senior students guided the fresher's through important campus locations, such as the library, sports facilities, and student lounges. The cultural performances and interactive games also contributed to a high level of excitement and enthusiasm throughout the day.

The Fresher's Event was a huge success in fostering a sense of community and excitement among new students. It provided an excellent opportunity for them to socialize, learn about the campus culture, and feel more confident as they began their academic journey. Feedback from

participants was very positive, with many expressing their eagerness for more such events in the future.
