AI WALL

Activity Title:	AI wall
Date:	18/09/2025
Venue:	Third floor
Purpose:	The purpose of the AI Wall is to educate and create awareness about artificial intelligence among students, faculty, and visitors. It serves as an interactive platform to showcase AI concepts, applications, and real-time demonstrations. The wall aims to inspire innovation, enhance digital skills, and bridge the gap between theoretical learning and practical AI implementation.
Audience:	Students from T.E and S.E AIML
Total Participants:	30 participants
Activity Performed:	At the AI Wall inauguration, key dignitaries unveiled the wall, symbolizing a step forward in technological innovation. A brief presentation showcased the AI Wall's features, applications, and potential benefits in education and industry. The event concluded with a ribbon-cutting ceremony and media interaction.
Activity Outcome:	The AI Wall inauguration successfully raised awareness about artificial intelligence and its real-world applications. It sparked interest among students, educators, and visitors, encouraging further exploration into AI technologies. The event promoted digital literacy and innovation, fostering a tech-driven learning environment. It also strengthened collaboration between academia and industry in the field of AI.
